

# GUESTPAD

INSTANT SUITE

GuestPad is a touchscreen panel that simplifies the visitor welcoming process

Guestpad, synchronised with Instant Guest, **renews the experience of reception services** inside a building. This 10" touchscreen panel located in the lobby smoothes the reception of guests, helping them to register easily. The host receives a notification warning him that his guest has arrived. **GuestPad makes the job of receptionists simpler** as they visualise the whole guestlist for the day and can welcome them at once. **Guest can also broadcast any kind of targeted content.**

A notification is sent when the guest arrives

Access to the Wi-Fi Guest

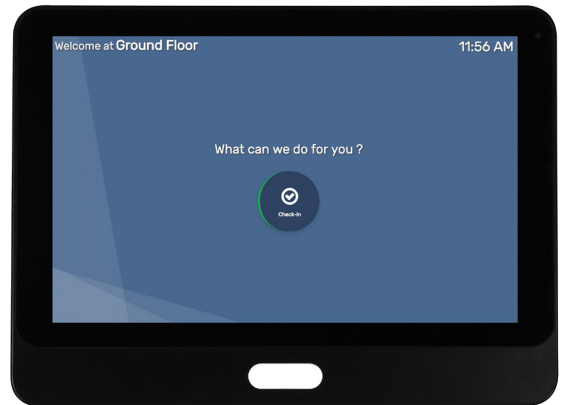

Guests self check-in

Creation and printing of badges for guests

## GUESTPAD SMOOTHES RECEPTION SERVICES

- Synchronised with Instant Guest, GuestPad allows the guests **to confirm quickly and easily** their arrival.
- The host receives **a notification** that warns him of the presence of his guest at the lobby.
- When signing-in, the guest can ask for a code to connect to the **Wi-Fi Guest** while waiting for his meeting.

## GUESTPAD SIMPLIFIES THE WORK OF RECEPTIONISTS

- The receptionist can **print the visitor badge or their GuestTag, fully customisable** thanks to Instant Guest.
- It is also possible **to prepare badges in advance** if a delegation is to come.
- The GuestPad simplifies the exchange between the host agent, who has a **daily guestlist**.
